Orbital
Welding
Solution

Heat Exchanger U Bend Orbital Welder-UB 16

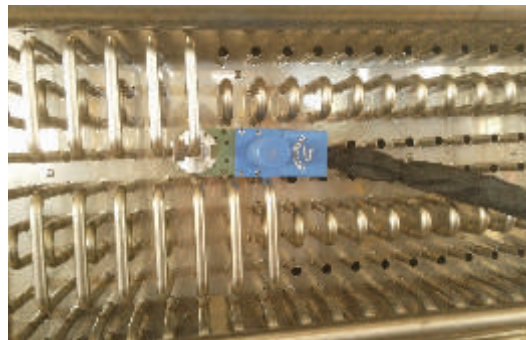

- Simple clamping system for easy mounting on the pipe elbow
- Highly durable weld head
- Horizontal, vertical and tilted welding positions are possible
- Very robust design
- Fast and easy mounting

Dimension :
A : 165 mm
B : 70 mm
C : 70 mm

Technical Specifications

Tube diameter	15 mm to 16 mm
Welding current	80 A
Welding process	GTAW
Tungsten dia	1.6 mm
Weight	3 kg
Cable length	8 mtr.
Welding position	Horizontal/ Vertical

Due to continuous development, product specifications are subject to change.
