Open Arc Weld Head OA-89

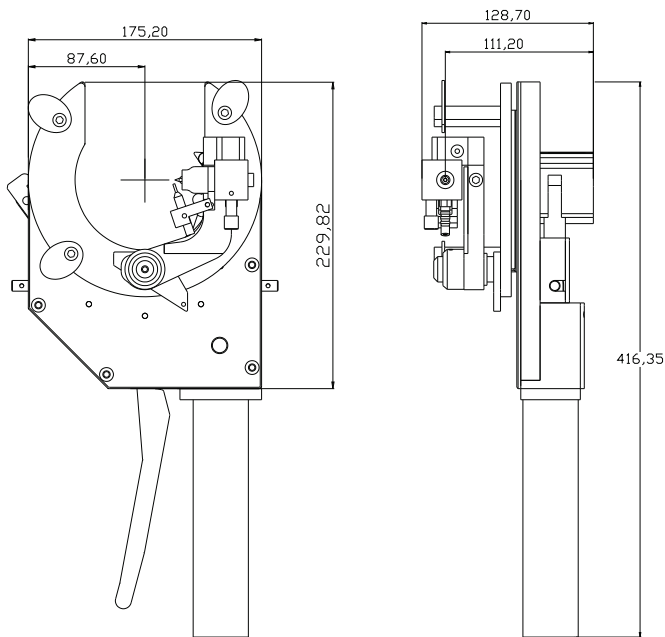

Open Arc
Weld Head
with
Wire Feeder
AVC & oscillation

Open Arc Weld Head OA-89

Features

- ◆ Compact Design
- ◆ With & Without Cold Wire Feeder Unit
- ◆ Water Cooled Torch for Continuous Operation
- ◆ Infinitely Variable Clamps with Self Centering
- ◆ Mechanical AVC for Adjusting Ovality of The Pipes
- ◆ Can be Used With and Without Filler Wire
- ◆ Weld Head can be Easily Centered to the Pipe with Centering Knob
- ◆ Torch Seveling Possible for Welding Flanges

Technical Specifications

Tube Diameter	25 mm To 77 mm
Welding Current	200 A
Welding Process	GTAW with Filler Wire
Tungsten Dia	1.6 / 2.4 / 3.2 mm
Weight	6 Kg
Cable Length	8 Mtr.
Welding Position	Horizontal / Vertical
Wire Diameter	0.8 , 1.2 mm

Due to continuous development, product specifications are subject to change.
